FACHVERBAND

MEDITATION DES TANZES
- SACRED DANCE

The association has brought together people who are interested in cultivating the meditation of dance nationwide and who want to arouse interest in the dance for other people.

In 1990 Friedel Kloke-Eibl founded the TRAINING INSTITUTE MEDITATION DES TANZES - SACRED DANCE, in which basic courses, a three-year part-time course as a lecturer for meditation in dance as well as further training and open workshops are offered in many countries. 25 years ago she initiated, co-founded and co-developed the association.

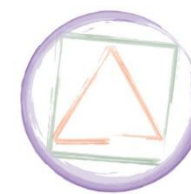

Through the meditation of dance, people are addressed holistically. Music, dance and silence have a harmonizing effect. This can develop individual creativity and openness to the community. (Statute)

"From the silence (...) in my heart the idea of 'meditation of the dance' emerged as a step into silence and a moving entry into meditation. We want (...) in practicing the 'sacred dance' to strive for a goal. This goal is called healing. This is a 'doing', i.e. a personal effort in the sense of a development. "

(from: 'The Way of the Dancer' by Bernhard Wosien)

The professional association draws circles in Germany, the Netherlands, Switzerland, Austria, Ireland, England, Spain and Finland ... It is a member of the German Federal Association TANZ e.V.
